## **Job description**

### **Industry Advisor – Aviation / Airlines Sector**

Location: Primarily Remote

Type: Part-time (10 - 15 hours a week)

#### **Who we are:**

PredictIntel is a start-up company led by seasoned executives that is introducing a new information service that consolidates a wide array of information to provide clients with a view of the future that is not accessible today. Our team includes leading executives from the data analytics, technology, legal and government fields.

#### **Your Role:**

- You will help identify key emerging themes and innovations in the Aviation / Airlines sector, and ensure they are appropriately covered and represented in the product
- You will help prioritize and focus the analyst team as they develop ways to summarize and deliver new types of qualitative data/information
- You will be part of a growing team innovating as the service and analytics expand in scope
- You will help guide our research and analysis projects in Aviation / Airlines sector

#### **Who You Are:**

You have deep expertise formed by a career in Aviation Industry, specializing in business and strategy decisions, or you have substantial experience covering the Aviation / Airlines sector as an analyst. You are passionate and curious about business news and information, especially news and information of value to investors and corporate decision-makers. You understand how the Aviation / Airlines sector is changing, and the primary drivers of such change. You enjoy innovation and being a key part of a team building new products and services. You are detail oriented and work well with others. You have excellent interpersonal skills.

#### **Who You Will Work With:**

You will work with senior management, & the Data Operations group

#### **Your Preferred Skills & Experience**

- Deep experience in Aviation / Airlines sector or relevant & focused analytical roles covering Aviation / Airlines sector, for example within Financial Services industry
- Understanding of how Aviation / Airlines sector companies prioritize investments in capacity, infrastructure, products & services
- Ability to synthesize multiple information sources into themes and strategies, and communicate effectively with senior management and junior team members
- Knowledge of corporations, finance, and the economy; interest in news and current affairs
- A commitment to self-sufficiency and the ability to work as part of a remote team.

We are an equal opportunity employer and value diversity at our company. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, or disability.

Job Type: Part-time
